

DEPUTY WHO SAVED

His Life Is Man Whom He Considers
His Best Friend.

Spivey Brothers, Who Were Responsible for
the Shooting of Five Men Are Reported
in Very Serious Condition Today.
Drink Was the Cause.

Hamilton, O., Oct. 2.—The Spivey brothers, who barely escaped with their lives at the hands of an angry mob at Oxford, last night, were brought here early today, and looked upon by the men in bad condition. Louis Spivey will probably be from a wound in the head. Joseph Spivey is completely prostrated as a result of the ordeal which he passed through.

KENTUCKY

Food Was In Them and It Got Out
Through Strong Drink.

Hamilton, O., Oct. 2.—The Spivey brothers, Louis and Joseph, who were nearly responsible for last night's disturbances at Oxford, in which five persons were shot, and who escaped by being spirited to this city, were reported in a serious condition today.

Louis, who was shot by citizens who are assisting the officers, is in such condition that physicians cannot do any further for the bullet. Joseph presents a horrible appearance. Both ears are torn and his face is raw and swollen from the effects of the rope while his face is also injured. His most serious injury is a wound which was caused by being struck on the head by a stone. The Spivey brothers are natives of Louisville, Estille county, Kentucky. They confess that they have been in various scrapes heretofore, having been in the penitentiary at Frankfort for shooting to kill. Louis has recently been working on farm at Bellingsville, Ind., and spent a tobacco factory at Middle

town, Ohio. The latter was on a visit to his brother when they went with Edward Richardson to Oxford to attend the street fair and became intoxicated. They ascribed the whole trouble to their drinking which not only caused the disturbances in the saloon but also resisting the officers on the street.

Joseph Spivey, when asked today for his nearest kin, replied that Deputy Sheriff Brannon was his best friend. Brannon is the officer who broke through the crowd and cut the rope the last time Spivey was strung up last night. Brannon then rushed Spivey into the Oxford prison from which he afterwards brought him here in safety. Deputy Brannon, who was in charge at Oxford last night, is commended for his bravery and judgment in preventing a lynching.

TWO MEN

Shot Last Night Are in Critical Condition Today.

Oxford, O., Oct. 2.—Two of the men shot last night are in a critical condition today, and the third is not yet out of danger.

John Woodruff, the marshal of Oxford, spent a comfortable night and is resting easy today, but the physicians are still apprehensive of his case. Ernest Jotten, the school teacher, is unconscious and no hope for him whatever is expressed by the attending physicians.

The town is quiet and no further trouble whatever is apprehended.

Owing to the critical condition of the Spivey brothers, no steps have been taken for their preliminary trial.

SUFFERING FROM SABRE CUTS.

Thirty persons suffering from sabre cuts have applied to the Red Cross stations to have their wounds dressed, after a riot between strikers and non unionists, in which square here last night.

The police on foot charged the rioters with drawn swords, and finally mounted police cleared the streets. The strike is a small one, only about 1,000 men being engaged; but the men are embittered and violent.

ALL CHRISTIANS WERE MASSACRED.

Sofia, Bulgaria, Oct. 2.—The Macedonian revolutionary headquarters assert that they have positive information that the whole Christian population of the town of Mehonia, (Razlog province of Seres, was massacred September 28, with the exception of ten men, who escaped with the news.

Mehonia is an important town and the seat of the local government. The population was about equally divided between Turks and Bulgarians. The latter numbered 3,200 persons.

LOW GIVEN A BIG BOOM.

Harper Launches Him as Possible and Available Presidential Timber.

Chicago, Oct. 2.—President Harper, of the University of Chicago, started today for the presidency of the United States, on behalf of Mayor Seth L. of New York, today. The New York chief executive was to address students of the university in Kent, and when President Harper stepped forward to introduce the distinguished visitor, he said: "We once had with us in this hall,

a governor, McKinley, who became president of the United States. Later we had with us a police commissioner, Roosevelt, who became president of the United States. Today we have with us the mayor of a great city, and may he not also become president of the United States?" The last words of the speaker were drowned in the yells of the students and it was several minutes before Mayor Low could check the vociferous cheering.

MANY PROMINENT PEOPLE ATTENDED.

Manchester, Vt., Oct. 2.—Many prominent people, from Chicago and New York, were present at the funeral here, yesterday, of Henry J. Willis, of Chicago, who died at Jefferson, N. H., on Wednesday. Rev. M. W. Stryker, D. D., of Clinton, N. Y., priest of Hamilton college, was the officiating clergyman and interment was at the cemetery of this town. Mr. Willis made many donations for charitable work here, during his life.

THE TRANSPORT SHERMAN CARRIES MONEY AND MEN.

San Francisco, Cal., Oct. 2.—The U. S. army transport Sherman, sailed for Guam and Manila via Honolulu. She carries the men of the Seventh Infantry. Three companies of army engineers and a large list of saloon passengers. The treasure room contains \$2,000,000 in Filipino pesos newly coined, and several hundred thousand unsigned silver certificates for the Philippines.

BIDS WERE OPENED IN NAVY DEPARTMENT.

Washington, Oct. 2.—Bids were opened at the navy department, yesterday for 16,633 tons of armor for the battleships Vermont, Minnesota, Kansas, Mississippi and Idaho. The bids of the Carmel Steel Co. and the Bethlehem Steel Co., were identical, namely \$6,944,000 delivery to begin in nine months. The only other bidder was the Midvale Steel Co., whose bid was \$6,606,932 delivery to begin in 20 months.

IRON WORKERS WILL FINISH

Their Work Today in the Election of Officers, and Adjourn.

Kansas City, Mo., Oct. 2.—In all probability, the annual convention of the International Association of Bridge and Structural Iron Workers, will finish its important work today in the election of officers for the ensuing year. The New York delegation, headed by Sam Parks, probably will start east tonight, leaving the others to dispose of such routine work as may remain tomorrow.

The Buchanan men still claim forty six votes for the re-election of Buchanan, while the Parks' element assert that they have forty-three votes pledged for Hugh F. Donnelly.

TWICE STOOD FOR CONGRESS.

Oswego, N. Y., Oct. 2.—Washington Henderson, a wealthy lumber dealer, is dead aged 75 years. He was a prominent democrat, and was twice his party's candidate for congress.

SMUGGLED CHINAMEN ARRESTED ON ARRIVAL.

New York, Oct. 2.—Fifteen Chinamen, who, it is alleged, had been smuggled across the border from Canada, were arrested when they arrived in Weehawken today. The federal authorities were notified of their arrest.

CLOUDBURST SWOOPED DOWN

On Poor Old Kansas Again and Did Damage of Great Extent.

Topeka, Kan., Oct. 2.—A special to the "State Journal" from Pratt, Kans., says a cloudburst early Thursday evening did incalculable damage to property and swelled the Ninnescah, an ordinary stream to a mile in width in a brief time. At least three inches of rain fell within the hour and the Santa Fe railroad tracks are a foot under water. Lumber for the Eggleston elevator piled on the ground, was washed away, and the city water pumps are under six feet of water. No lives are reported lost. An eight weeks drought was broken.

MANY MEN VOTE AGAINST A STRIKE.

Newark, N. J., Oct. 2.—The employees of the public service corporation which controls a big system of trolley lines in this and adjacent counties, have voted overwhelmingly against a strike on the company's system according to a statement made today by National Treasurer Orr, of the Amalgamated Association of Street and Electric Railway Employees. Seventy-five per cent of the vote cast yesterday in Essex, Hudson, and Union counties were against the proposed strike he said.

CORBIN WILL CHANGE BASE.

Order Issued by War Department in Recognition of His Valuable Service.

Washington, D. C., Oct. 2.—Major General Corbin, adjutant general of the army, is to be assigned to the command of the department of the east, with headquarters at Governor's Island, New York.

The order for Gen. Corbin to assume command of this department, will take effect at once, and it states that he is given command of the largest

department in the United States in recognition of his services during the Spanish war and the Chinese and Philippine campaigns.

An order also has been prepared in the war department directing Gen. Chaffee, now commanding the department of the east to take station in the war department for the purpose of familiarizing himself with the duties of chief of staff, which he will become when General Young retires in January.

JUST CAMPAIGNING.

New York, Oct. 2.—All grades of refined sugar were reduced ten cents a hundred pounds today.

FLOWERY KINGDOM HAS BATTLE SPIRIT.

Japan Has Decided to Send Two Regiments of Infantry to Corea--This Is Regarded As An Important Step.

Paris, Oct. 2.—According to reliable information received here, Japan has decided to send two regiments of infantry to Corea. This is regarded in authoritative quarters as being a most important step, as affecting Russo-Japanese relations and as likely to accentuate the possibilities of a war crisis. Japan's decision is considered to be directly related to Russia's proposition to evacuate Manchuria, Oct. 8.

It is now accepted in the highest quarters that this evacuation is impossible of accomplishment, as China has not signed the terms on which Russia conditioned her evacuation.

The advices received show that China inclines to continue the present Russian status in Manchuria rather than commit herself to finally signing the proposed agreement. In view of these conditions Japan's decision to send troops to Corea is regarded as being a most significant step.

The advices further show, however, that war spirit in Japan has materially augmented during the last fortnight.

INFORMATION

Is Calculated to Remove Suspicion Concerning Japan's Intention.

Paris, Oct. 2.—Information received here through official sources at St. Petersburg show that the explanation given of Japan's moving troops to Corea, is calculated to remove suspicion concerning her intention. The number of troops moved is estimated at between 8,000 and 10,000. Japan explains that the movement is part of a plan of experimental mobilization for the purpose of showing her ability to mobilize a considerable force in connection with the friction between

Japan and China; but that it has no connection with differences between Japan and any other power.

The officials refuse to comment upon the explanation.

MINISTER

Has No News of Movements of Japanese Troops.

London, Oct. 2.—Baron Hayashi, the Japanese minister here, has no news of the movements of Japanese troops to Corea, announced from Paris yesterday.

In an interview today the minister said:

"From the published accounts I am certain that any movements of troops are only the routine relief of the Japanese forces guarding the telegraph line from Fusan to Seoul and Chemulpho. To send a small body of troops to Corea would be to menace Russia, and would have no effect on her plans. A mobilization of the Japanese forces on a large scale is not contemplated for a moment, and Corea's consent would have to be obtained for any such step."

The minister added that he still believed Russia intended to keep her promise to evacuate Manchuria Oct. 8. Until that promise was broken, Japan was not likely to make any move.

The Japanese troops guarding the telegraph lines were stationed in Corea with the assent of Russia, as well as Corea.

W. Pritchard Morgan, consul general of Corea in London, also has no information on the subject. He suggests, however, that the time was coming when the powers should agree to Corea being declared an independent, neutral state, like Belgium.

FLAG OF ENGLAND

Unfurled Again, After Many Years in Streets of Boston.

Honourable Artillery Company of London Landed Today at Charleston Where Their Ancestors Began the March on Bunker Hill 128 Years Ago.

Boston, Mass., Oct. 2.—For the first time in many years the flag of England, guarded by British muskets, was born through the streets of Boston today by the Honourable Artillery company of London, as special guards of a similar organization, the Ancient and Honourable Artillery company of this city.

Landing at Charleston, almost on the very spot where their ancestors started on their memorable attack on Bunker Hill, 128 years ago, the red coats of the 20th century marched from their steamer, the Mayflower, over the bridge to Boston, and then through the streets resplendent with American and British flags to the hotels which will be their homes during their sojourn in this city. For five days they will be entertained, and then, after a week's tour, which will include New York, Washington, Niagara Falls and Canada, they start back to their own shores. The Mayflower was sighted coming into Massachusetts Bay early in the forenoon. Colonel Sidney M. Hedges, commander of the Ancient and Honourable Artillery, accompanied by several of his staff, boarded the Mayflower from a tug and

welcomed the visitors through their commander, the Earl of Denbigh. The Mayflower was given a hearty ovation from the harbor fleet and before the visitors landed, Adjutant Dalton boarded the steamer and extended in behalf of Governor Bates, the official welcome of the commonwealth of Massachusetts. As soon as the visitors landed and had formed their line, the procession started. The parade was one of the most spectacular seen in these streets in a long time.

The showy uniforms of the cadets, the deep blue of the militia, the scarlet of the national lancers contributed to the brilliancy of the escorting column, no less than did the British red of the Royal Garrison band of Halifax, N. S., and of the visiting company to the main body.

After a march through the principal downtown streets and across Boston common, the parade was dismissed.

Along the route of march nearly all the business houses were gaily decorated and the great crowds which thronged the streets frequently cheered and applauded the visitors. The first of the entertainments accorded the visitors will be a smoker in Faneuil hall tonight.

RIDER WITHDRAWN FOR SAKE OF UNITY.

Sheffield, Eng., Oct. 2.—The attendance today at the conference of the conservative associations was much smaller than yesterday the opening day. The irreconcilable differences in the party on the fiscal question were again emphasized in the debate, and ultimately in the interest of unity, Henry Chaplin, M. P., former president of the board of agriculture, and a life long protectionist withdrew his "Rider" moved yesterday, (thanking Joseph Chamberlain, the former colonial secretary for his patriotic efforts and expressing approval of any practical scheme to promote a closer political and commercial union of the empire) and thereupon Sir John E. Dromerton's official resolution of yesterday, was carried unanimously. Sir John Dromerton saying in behalf of the free traders that they did not desire any more amendments.

In withdrawing the "Rider" which promised to further disrupt the ranks of the unionists, Mr. Chaplin explained that he was convinced after hearing Mr. Balfour's speech of last night, that it would be mischievous to press the matter, as it was directly hostile to the premier and nothing was further from his views.

Lord Hugh Cecil, M. P. and Winston Churchill, M. P. subsequently announced that they had neither voted for nor against the Dromerton resolution.

After the passage of a resolution urging the government to take steps to ensure the efficiency of the army the conference terminated.

Premier Balfour addressed the delegates after lunch this afternoon. In the course of his speech he announced that Lord Milner did not feel himself able to accept the colonial secretaryship.

Mr. Balfour went on to say that recent events had not substantially divided the party; but they had divided the government and the parting of old friends had been accompanied by regret. Both those who went and those who stayed, were devoted to the unionist party, the government and the empire.

They had lost the greatest colonial minister the country had ever seen. His services could not be exaggerated. He had to leave Mr. Chamberlain to express his own views, which did not differ a hair's breadth from his. (Mr. Balfour's).

Although Lord Milner had declined the colonial secretaryship, Mr. Balfour added, he was in entire agreement with the government on its imperial and domestic policy.

FORGERY WAS FINAL

Effort Made to Save the Three Van Wormer Boys From Execution.

Warden Deyo Received Mandatory Message From West Point, Signed by Order of President of United States Ordering a Delay of the Sentence.

Albany, N. Y., Oct. 2.—Forgery of the official title of the head of the nation figured in an attempt made yesterday to save the three Van Wormer boys from the death chair at Dannemora prison. Less than half an hour before the time set for the execution, Warden Deyo received the following telegram:

"West Point Station, Oct. 1, 1903. To George Deyo, Warden: The Van Wormer boys must not be executed today. A stay has been granted. By order of the president of the United States."

Warden Deyo at once consulted with some of the witnesses present, and concluded that the message was a

forgery sent for the purpose of delaying the execution beyond the usual day. It was concluded first that the president could not interfere except through Gov. Odell, and second, that reprieve could not be accepted by telegram, but must be by personal signature, or in personal interview by telephone. No attention was therefore paid to the communication, but every endeavor will be made to find the sender and prosecute him or her. Another incident of the execution yesterday was the suspension of Keeper Davis for selling to certain newspapers the contents of personal messages written by the Van Wormer boys to their friends.

DECISIONS AND AWARDS.

Tribunal Has Decided They Shall Be in English and French.

The Hague, Oct. 2.—The Verzonian arbitration tribunal has decided that minutes of the decisions and awards in the question of the preferential claims of the allied powers shall be drawn up only in English and French and that written or printed be in other languages with the proceedings of the court.

At the first session yesterday Great Britain and Germany claimed that the memoranda of claims should be in English though the pleadings might be in other languages with the proceedings of the court.

A move on the part of Erie railroad officials which will practically lessen the list of pensions now being paid by the company, for those who would come under the head of old men in the service, has been made. A circular signed by Superintendent Corbett, of Huntington, Ind., has been posted in the office here to the effect that all men who have been employed by the Erie company as clerks since May 1, 1901, and who were thirty-five years of age at that time, will be released. The men are to be given one month's notice, but in case the dismissal of an employee will seriously effect the road the case will be brought to the attention of the superintendent for final action.

Everybody does not know that Joseph Arndt is an artist but a look into Mel's window will convince passers-by that he is. Mel has a selection of Indian relics, and old time shooting guns, bear traps, boomers, flint knives on display and yesterday Arndt got mixed up with the collection, and as a result, George Washington is accused of using an axe instead of a hatchet; General Grant carried a antenna that wouldn't hold a good shot of swallow, and William Tell used a gun that was made long after that buckskin was dead and buried. Joe says he knows what he is talking about, for he was there.

SSS THE BEST TONIC
In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.
S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.
S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it arches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.
If you suffer from debility, insomnia, nervousness, loss of appetite, indigestion, or any of the symptoms of a disordered blood, nothing will soon put your blood in good condition, invigorate and tone up the system as S. S. S.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Improving Slowly.
Engineer Ed. H. Paulus, of south Main street, who was injured in the L. WAS A VICTIM OF SCANDAL MONGERS.

Tiffin O., Oct. 2.—Coroner Leper, in his report on the death of Miss Elizabeth Brennan, Sept. 10, says she came to her death from hemorrhage caused by cutting her throat with suicidal intent, caused by despondency, the result of gossipers.

Miss Brennan had been the subject of serious attacks by scandal mongers, which her friends assert were unfounded.

Pure, rich blood means health and strength—thin, impure blood makes paleness, anemia, weakness, nervousness and disease.

One reason why Hagee's Cordial (with Hypophosphites) does so much good, in cases of nervousness, sleeplessness, indigestion, mal-assimilation, rheumatism, skin diseases, blotches and weakened conditions, is that it purifies and enriches the blood—feeding impoverished nerves, strengthening every organ and building good, sound flesh.

Hagee's Cordial contains all the good of cod liver oil. It is a thin, fluid cordial, pleasant to taste and smell.

FRAU GADSKI
REFUSED TO

Sing at the Wagner Banquet Because It Was Held in a Music Hall.

Berlin, Oct. 2.—Frau Gadski refused to sing at the Wagner banquet last night because it was given in the winter garden music hall, which contains the largest accommodation in Berlin. She said she had never sung in a music hall, and would never do so, but she attended the banquet. Her name was on the programme. E. Stillman Kelley, who was to have represented the United States, has withdrawn from the international concert to be given Sunday night, for the reason that the orchestra has been unable to learn the Chinese airs from his opera, "Aladdin," and is likely to break down. Sir Alexander MacKenzie, the representative of Great Britain, and the Norwegian, Grieg, have also withdrawn for various reasons.

THE STAGE.

The company interpreting Hart and Callahan's new dramatic comedy, "Slaves of the Mine," has been selected to fit the characters, and is a capable one, embracing such well known people as Frederick Reynolds, Jos. R. Kettler, J. G. Gibson, W. B. Daly Howland, Brandon, Alice B. Hamilton, and the Eagle quartette; the latter of whom are members of the order of Eagles. The scenery is all carried, and is by J. S. Fox and Dodd Ackerman, of New York. The explosion of the mine is exactly such an incident as recently occurred near Johnstown and gives one a vivid idea of the perils which environ the heroic miner.

A Pittsburgh paper said this was so realistic one could breathe the odors of the coal. "Slaves of the Mine" will appear at the Faurot opera house, tonight.

A CLERICAL HUMORIST.

Writing in his parish magazine on the development of a sportsmanlike spirit in boys, Rev. T. Gage Gardiner, rector of Farnham, waxes humorous on some forms of passive sports, says the London Express.

"There is a growing tendency," he says, "for people to think that if they stand round a football field shouting themselves hoarse, smoking indifferent cigarettes, mobbing the umpire as they think occasion requires and completing the afternoon with copious libation of whisky, they are justified in wearing thunder-and-lightning waistcoats and checks so large that at least two narrow shouldered men must walk arm in arm to get a complete square."

"These tendencies can only be counteracted by teaching the boys when they are young what true sportsmanship is."

MRS. JOHNSON
A CAMPAIGNER.

Wife of the Democratic Candidate for Governor an Able Ally.

No person in Ohio, not even Mayor Johnson himself, is taking a more intense interest in the events of the present campaign than Mrs. Johnson. For the past week, she has been with the "Red Devil" in its journeyings over the state and she has proved to be more than an able ally for the immediate party traveling with the democratic candidate for governor.

Mrs. Johnson had a delightful time traveling with the democratic auto during two weeks of the campaign last fall, and this fall, she will probably spend at least three weeks as first aid to her husband during the thickest of the present great political contest.

Observations made last year have assisted the wife of the mayor to become an experienced campaigner, with a tremendous amount of enthusiasm. No day's program, no matter how difficult, dampens her ardor, as shown last week, when, with Mrs. Johnson, the mayor drove 93 miles across the country in the famous automobile, and addressed four meetings.

Mrs. Johnson went through the day with flying colors and will look back upon it as one of the most enjoyable occasions of her life. The day was particularly enjoyable to Mrs. Johnson from the fact that the mayor was greeted by large and enthusiastic audiences.

Mrs. Johnson is entirely in sympathy with the cause which Mayor Johnson is representing over the state, and she seeks opportunities to make votes. She rides on the front seat with a supply of literature within easy reach and nobody who comes near the auto goes away without being supplied.

"I generally give them three or four pamphlets and tell them to be sure and turn them over to their republican friends," said Mrs. Johnson enthusiastically.

If great audiences and enthusiasm were anything, then the mayor's wife is certain that the "right" will

THE REAL TEST

Of Herpicide is In Giving it a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vintners may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbros Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by Wm. M. Melville, old post-office corner. Send 10 cents in stamps for sample to the Herpicide Co., Detroit, Mich.

Chanberlain's Cough Remedy.
No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration, it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

MARKETS.

New York Oct. 2.—Lad. nburg
Thalmon & Co. the financial rep-
resentatives in this city of the Seaboard
Air Line interests had no statement
to make today regarding the affairs
of the company. Seaboard shares
were a week on the curb opening
with losses of 5 and 10 percent for
the preferred and common stocks.
Later trading further decline. It is
known that Jacobburg, Chairman &
Co. a little look over the stock
market dealings of M. dendorff & Co.
of Baltimore and J. S. Williams and
Co. of Richmond both of which are
dealing with the Seaboard system.
This explains in part the recent heavy
liquidation of such stocks as Penn-
sylvania, Baltimore and Ohio, Ches-
apeake and Ohio, Norfolk and Western
and a few others of that group. The
M. dendorff and Williams firms are
said to have held from 50,000 to 100,
000 shares of these stocks which they
offered as collateral for loans. The
loans were closed out recently in
this city and the stocks offered for
sale in the market.

The tone of the stock market was
rather heavy but dull. B. & O. was
the only active stock that fell a point
below last night. Dock preferred
fell 1/4 and Tennessee Coal and North-
western a point. Prices recovered to
above last night before noon but con-
tinued dull. Bonds were regular.
The opening rise brought out con-
siderable stock which forced prices
down a small fraction. The market
then hardened gradually to a higher
level than before. Gains in the West-
ern stocks. Coasters, Traction and
Amalgamated averaged about 1/8 but
the S. S. Stock stocks were rather
sluggish. Can Pac advanced 1/4 and
there were gains of 1 to 1 1/2 in Wabash
preferred. Erie first and second pre-
ferred. Hook Valley, Chicago Great
Western preferred. Wisconsin Cen.
preferred. Gen. Elec. and Paper prefer-
red.

The market was subjected to pres-
sure again toward 11 o'clock. B. & O.
Norfolk and Western, St. Paul and
Canadian Pac. reacting a point and
dragging down the general market.
The demand for the L. E. stocks at
advance of 1/4 for the common and first
preference and 1/2 for the second pre-
ference held the market. But when this
was taken into consideration prices ran off a
little. Ver. St. Ry. rose 1/8. Morris and
Essex sold 7 points below an old pre-
ceding sale. A drop of over a point
in St. Paul unsettled the closing which
was rather nervous and irregular.

New York Oct. 2.—Dealings showed
considerable activity and buying or-
ders were well distributed throughout
the list. Met. St. Ry. and Preceded
Steel Car rose about a point but the
changes as a rule were limited to
small fractional gains.

REPUBLICAN CONVENTION

At Boston Declares in Favor of
Readjustment of Many
Tariffs.

Boston Mass., Oct. 2.—In the same
hall which yesterday was filled with
democrats cheering to the echo the
oratory of their leaders the republi-
cans of Massachusetts met today to
nominate their state ticket.

The assembly was large and the
unanimous renomination of Governor
John L. Bates, Lieutenant Governor
Curtis Guild Jr. and the remainder
of the present list of state officers was
assured.

The convention was scheduled for
11 o'clock but the convention officers de-
ferred the opening until after the pa-
rade of the 1st Artillery had
passed.

The delegates began to reassemble
at 11 o'clock and within fifteen
minutes the room was filled and
Major Thomas Talbot chairman of
the state committee, had called for
order. After a short prayer by Rev.
Elijah Horr of Medford the call for
the convention was formally read and
Major Talbot was made temporary
chairman and H. H. Atherton Jr. and
James H. Reynolds, secretary and the
committee appointments were an-
nounced.

The committee on resolutions, sub-
mitted the following

Platform.

The republicans of Massachusetts in
convention assembled give their cor-
dial endorsement to the administration
of President Roosevelt. An able
honest fearless chief executive we
pledge to him our loyal support, for
the campaign of 1904.

We reaffirm our belief in the policy
of protection to American industries.
While admitting that tariff schedules
should be revised from time to time
to meet changing industrial conditions
or to secure the benefits which may
be obtained by reciprocity we declare
that the present tariff law should not
be revised or changed until the need
of such action and the benefits to be
obtained from it are clearly shown.

Whenever the industrial conditions
shall require a ready, tactful and
the tariff work will be undertaken by
the republican party the friend
and defender of protection, without un-
necessary disturbance to business or
commerce and with fairness and
justice to all American interests.

To uphold law and order should be
the first duty of every American
citizen. In many sections of the
country there is a disregard of law
which is bringing discredit to the na-
tion. All parties should insist that
public officials should be firm and
resolute in the enforcement of law,
regardless of personal or political con-
sequences. In this land, dedicated to
liberty and freedom the rule of the
mob should be suppressed.

The republican party favors legisla-
tion that is just and fair to all inter-
ests.

That encourages and protects the en-
terprises of capital and promotes and
satisfies the welfare of labor.

We heartily endorse the administra-
tion of Governor Bates as able, safe
and successful and confidently sub-
mit it to the voters for their approval
at the election in November.

QUIET

Hours Before the
New Term.

Nothing Doing

To Excite the Interest
of Attorneys

But the Docket Has Enough
Cases to Warrant a
Busy Civil Term.

Several Criminal Matters Taken
From the Grand Jury and
Turned Over to the
Probate Judge.

All is quiet before the storm but the
grand jury is not likely to have a long
and continued session. The prosecut-
ing attorney has taken some of the
minor cases to Probate Judge Miller's
court and they are of a nature which
warrants the action on his part. The
state laws give to the probate judge
jurisdiction in such cases and the of-
fenses must be of a nature not to en-
tangle the law which provides another
remedy.

In Probate Court.

One of the largest cases in which
the probate court has had to deal
with for some time came up for con-
sideration this morning when an in-
ventory and appraisement in the Clara
E. Medler settlement was filed by
Miner A. Atmum. The inventory
shows that there is personal property
amounting to \$247.65 real estate \$13,
500 and other items \$1,000 making a
total of \$14,747.65.

The first and final account of Joseph
Davis guardian of Ira F. Davis a min-
or was filed this morning.

The second account of J. C. DeLong
guardian of Harry Butler was made a
matter of record this morning.

Minor Criminal Cases.

Several minor criminal cases which
would have otherwise have gone to
the grand jury for investigation have
been certified to the probate court by
Prosecutor Klinger. Four of them
are against Robert Harbott, Calvin
Lincoln, Jerry Shanks and Forbes
Bailey charged with stealing nine
pounds and the other is against Mich-
ael Holliman charged with petit
larceny.

OPENING

Of J. O. Ohler's New
Auditorium

Will Occur About the Twen-
tieth of This Month.

The Place Will Seat About 1700
People and Will Be Used for
Both Public and Private
Gatherings.

The spacious new auditorium that
is being constructed by Mr. J. O. Oh-
ler west of the Faurot opera house
stage entrance is rapidly nearing com-
pletion and will be opened about the
20th of October under the manage-
ment of Prof. E. C. Finley the dancing
master who will not however confine
the attractions of the auditorium ex-
clusively to dancing events but will
also rent the place for political con-
ventions, secret order conventions,
public dances and such athletics as
basket ball contests and other enter-
tainments such as may meet with the
approval of the general public.

The balconies of the new auditor-
ium will have a seating capacity to
accommodate seven hundred people
and enough chairs have also been or-
dered to seat one thousand people on
the main floor which will be thirty five
feet longer than that of the old Music
Hall which has been dismantled. The
dance floor is being constructed with
a layer of matched lumber first down
and several layers of felt paper on top
of the matched boards and then the
surface floor on top of the paper. This
will give the floor the resilience that
is very necessary to floors of the kind.

Quite a number of dancing clubs
and societies have already made ap-
plication for regular events in the new
auditorium and Mr. Finley holds it
difficult to retain a sufficient number
of nights each week to accommodate
the demand of dancing pupils and
classes. These however will not be
abandoned and during the season the
Lone Hiawatha, The Auburn
and the Pas Ma La, adopted by the
International Association of dancing
masters and the La Fon Ka, adopt-
ed by the National Association, will
be introduced in local society circles.
The Wheeler hall will also be retain-
ed by Mr. Finley as a place for small
parties and occasional private lessons.

Among the clubs that have already
made applications for a series of so-
cial events in the new auditorium are
the Bon Temps club the New Argyle
and a number of others. The first
dance of the new Argyle club will
be held on the evening of Tuesday
October 27th.

There is now very little doubt that congress will start a postal inquiry of its own, soon after convening. The report of the president on what has already been done will probably set the ball rolling.

Among the injured were: Mrs. L. Smith, Chicago, bruised and sprained back; James McArthur, Haverson, N. J., left hand sprained and bruised, a contusion on the head; F. H. Byanski, Garrett, Ind., right leg broken; Rev. George Comfort, Lamborg, Pa., right arm fractured in two places, extensive laceration of the entire right hand, amputation necessary; J. Trowbridge, Bridgeport, Conn., severe sprain of the back and lower muscles of the abdomen; Miss Mae McKinley, Kingfisher, Okla., sprained back.

The others injured sustained light cuts and bruises. Relief trains were sent to the scene of the wreck, carrying doctors. Among the passengers in the train were: a doctor and a trained nurse, and two discharged soldiers. The latter had been in the hospital corps in the Philippines. They re-

Many remarkable escapes from death are told by passengers. The second section of the freight came down the main line at Newaewae to allow another freight train to pull out.

Conductor Dorsey, in charge of the freight train saw what the engineer was doing and as the passenger train was about due turned the air on the train, breaking it in two. The head brakeman went back to couple up while the fireman went to flag the first section of the passenger train which was coming. It being on a curve, the passenger engineer did not see the flagman until the trains were almost together and it was impossible to prevent the crashing together of the powerful engines.

The dead and injured were taken on the second section of the passenger train to Ogden.

COMBINED

Regulars and Militia Took the Field Today

For a Series of Maneuvers in Which the State Guards Won Distinction.

Camp Young, West Point, Ky., Oct. 2.—About five thousand enlisted men took the field today for the first of the series of combined maneuvers for both regulars and militia. The programme also called for considerable work in camp by the third brigade composed of the three Michigan regiments.

The work in the field consisted of a detached maneuver for advance guard. Each of the maneuvers was distinct from the others, the object being to give all of the militia regiments, which had established camp, instructions in the tactics pursued by the regulars alone last Monday. The general features of the problem were based on the relative position of the large imaginary blue and brown armies, the blue having been forced back to its base at Louisville, by the brown army operating from Nashville and the blue having been reinforced.

The state troops were worked with the regulars in a detachment of the latter's maneuvering in each maneuver. The three maneuvers developed some interesting situations and the state guards taking part acquitted themselves on the whole most creditably.

An Old Friend

Of County Clerk Edwards Met Death

After a Life in the Cab Covering a Period of Twenty Two Years.

Officials of the Pennsylvania Visit Lima Today On a Tour of Inspection, Which Started From Pittsburgh.

A few days ago, there was a bad wreck on the Queen & Crescent route, in which Frank Parker, engineer on the Cincinnati Southern division was killed, after 22 years of service. Parker, who was a resident of Chattanooga, Tenn., was an intimate friend of County Clerk Tom, Edwards, when the latter was an operator on the road, and Mr. Edwards remembers several instances when Parker seemed to have been saved by the hand of fate.

There was a time, some fifteen years ago, when the Queen & Crescent had the record for fatalities, due to crumbling cliffs, sharp curves and mistaken connections, which brought trains together in dark tunnels, but today, it is one of the best and most popular roads in the world. Parker on one occasion, was prevented from going out on his regular run, and an hour later, his train collided with another in a tunnel, and 35 lives were sacrificed. After a dozen such narrow escapes it remained for Parker's engine to hit a cow, and his own life, with five others, went out on that fatal occasion.

Vice President's Trip. Officials of the Pennsylvania, including vice presidents James McCrea, J. T. Brooks, Joseph Woods and J. J. Turner and General Manager G. L. Beck, passed through Lima this morning, on a tour of inspection. They left Pittsburgh at noon yesterday, remained at Crestline over night and left Lima at five to take dinner at Ft. Wayne. The party will go to Chicago tonight, and then go over the Panhandle lines.

Along All Lines. The Pennsylvania railroad added to new firemen to the rolls, yesterday. Only one of the men lived at Ft. Wayne, all the others coming from different railroads.

The monthly report of the employees' relief fund of the Pennsylvania railroad shows that the payments of the benefits to its members and the fam-

ilies of deceased members for August, amounted to \$108,994.50, of which \$42,939 was on account of death and \$66,055.50 for disablement by sickness and accident.

Foreman Charles Potter, of the C. & E. yards, and his mother, Mrs. Geo. R. Potter, have returned from a thirty days visit in the east.

EXPLOSION AROUSED

Townpeople of Rouseville, Who Were Held at Bay While Robbers Escaped.

Oil City, Pa., Oct. 2.—Four men blew open the safe in the postoffice at Rouseville, three miles north of here, yesterday, securing the contents and binding and gagging two citizens. Dr. John Taylor and James Strait, who had interrupted them in their work. The force of the explosion aroused the townspeople who were held at bay by the robbers firing at them and escaping to the woods in the darkness.

The amount secured by the robbers will not be known until an inventory is taken. Armed posses of officers and citizens are searching for the burglars.

It is worth consideration to any citizen of Lima, to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit.

"Mrs. Fess, of 303 West Kibby street, wife of engineer W. C. Fess, says: 'Everyone subject to piles or hemorrhoids, knows how difficult they are to check, let alone eradicate, but very few know what will remove them, and prevent recurrences. To those annoyed and embarrassed with the unsightly eruptions I unhesitatingly advise them to go to Wm. M. Melville's drug store, for Doan's Ointment, and use it as directed. After being pestered for twelve years, after expending a lot of money and experimenting with cures innumerable, I am so enthusiastic about the results received, that I never lose an opportunity of recommending the ointment, and more than a score of acquaintances in Lima have reason to be thankful that such a reliable remedy for diseases of the skin and hemorrhoids is so easily obtainable.'"

Sold for 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

TWO INJURED BY EXPLOSION

Of Barrel of Gasoline In a Canton Grocery Store, Caused By Lighted Cigar.

Canton, Ohio, Oct. 2.—A barrel of gasoline caught fire and exploded today in the cellar of Chas. Reams grocery, resulting in two being injured.

M. T. Schrock a clerk was badly burned and cut about the head and Chas. Reams received several severe cuts about the face. The explosion torn up the store floor and sidewalk, and set fire to the building. Adjoining buildings were somewhat damaged. It is supposed a passerby threw a lighted cigar through the cellar grating which ignited gasoline fumes.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by all druggists.

RED

Devil Has Been Acting Badly
But Johnson
Keeps on Drawing Big
Crowds Everywhere.

Democratic Candidate for
Representative in Clarke
Against Passes.

Mayer Declares Hanna Is Growing
Desperate When He Resorts to
Calling Names, in Place of
Presenting Arguments.

Xenia, Oct. 2.—Pretty nearly the entire voting population of the town turned out to see and hear Tom J. Johnson here tonight. A reception committee made up of 20 of the leading democrats called with a brass band at the hotel where the mayor was stopping, and escorted the "red devil" party to the cow pasture at the edge of town where the big tent was pitched. The flyer, it will be recalled, "got off its feet" at Dayton, and was abandoned there to the automobile veterinarians. They managed to temporarily relieve its suffering and it chugged its way over 23 miles of pike into Springfield, last evening. Experts from Cleveland met it there, and today, had it on the operating table for several hours. At 1 p. m. they pronounced the flyer fit to go any distance, and the mayor loaded up with his usual party, and Mr. Montana the democratic candidate for the legislature in Clark county, with two other automobiles, carrying the mayor of Springfield, and other democrats, leaving it company, the "red devil" started out for a 50 mile spin through Clark and Green counties. But it soon developed that it was far from being in a normal state of health. The "red devil" had a high fever and frequent stops were necessary that cold water might be poured through its pipes to keep up its strength by artificial means. Stops were made at five o'clock enroute. Mr. Johnson making many speeches from the automobile to his audiences numbering all the way from 75 to 200. Xenia was finally reached at 6:10 o'clock. Immediately after the meeting in the tent, Mr. and Mrs. Johnson took a train for Columbus, the "red devil" being put to bed in the baggage car which carries the tent. Two doctors from the Cleveland automobile hospital worked over it all night in the hope that they would be able to produce a complete cure by the time the mayor would want it to start the following day.

At the first stop in the overland trip today Mr. Montana made his first speech. He had never before called to think on his "feet" being any stronger than Mrs. Montana.

and he found his experience decidedly interesting.

"I don't know that there is anything I can add to what has been said to you by our distinguished candidate for governor," he began, "except to say that I stand squarely on the democratic platform. I thank you very much for your kind attention and hope that we will meet—"

"Hold on," exclaimed the mayor. "You might tell them that you won't ride on a pass if you're elected."

"That's true. I will not ride on a pass," said Montana, and then he went ahead and made a ten minute speech that was decidedly clever.

Mr. Johnson's speech tonight was devoted, as usual, to a denunciation of Senator Hanna for using his political power over the legislature and state and county officials, for the benefit of his own pocket book and those of his friends. Hanna, he said, "was becoming desperate in his fear of defeat, this fall, and had begun to call him stronger names each day." Now, he says that I am the leader of the socialist party," said Mr. Johnson, and that "a socialist is the next thing to an anarchist." In the same breath he speaks of anarchy and the assassination of President McKinley. Is he trying to drag the memory of President McKinley into this campaign believing that will help him to win. The senator seems to have completely lost his political head."

CLASSES

Will Be Started Next
Monday.

Night Classes Will Begin at the Y.
M. C. A. Next Monday Even-
ing for Students.

Monday evening Oct. 5th, the night classes at the Y M C A will meet for organization and assignment of lessons.

The Y M C A has a three fold object—the training of spirit, mind and body. Night educational classes were organized for the benefit of men who wish to learn and earn at the same time. The demand for mechanical drawing came from machinists, and shop men anxious to get a better understanding of their work. Clerks and office boys, ask for bookkeeping, penmanship and business arithmetic. Mathematics, typewriting and shorthand were also introduced, so that the course is now complete in every detail.

"Business men have been interested in the welfare of their employees, and arrange to let them off, for night classes. If the employer is enthusiastic over night school work, surely, the employee ought to be."

Go to the Y M C A and inquire about this work. Whether you care to take the work or not you are always welcome.

Seat in Theatre Broke
Under Her Weight.

Miss Eva B. Gibson, proprietress of the Avenue house, at Bellefontaine avenue and Sugar street, is the plaintiff in a civil action that has been brought in the Lucas county court, of common pleas court. Concerning the suit, the Toledo Blade says:

"John D. Rockefeller, oil king and capitalist; Frank Burt, Toledo's theatrical magnate, and M. B. Daly, were made defendants in a suit for \$21,000, filed in common pleas court this morning, by Eva B. Gibson. The plaintiff says she was injured as the result of a fall caused by a defective seat in a theatre owned and conducted by the defendants at Lima."

"The plaintiff alleges that on April 10, 1930, she purchased a ticket for a wall seat in the balcony of the defendant's theatre. She avers that when she sat down, the seat broke, throwing her to the floor. The shock, she claims, caused concussion of the spine, structural changes in the spinal cord, motor and sensory paralysis of the left leg sensory paralysis of the left arm, and other injuries."

"These injuries, the plaintiff says, are permanent and have made her incurable invalid so that it is impossible for her to conduct her boarding house. She claims that the defect in the theatre seat was due to the negligence of the managers and proprietors."

"The opera house in Lima, which is known as the Faurot theatre, is owned by John D. Rockefeller, and is leased by Messrs. Burt and Daly."

Allen County Oil Company Rejoice
Over the Upper Sandusky
Producer.

C. A. Ackerman returned from Upper Sandusky, yesterday, and verified the report published in last night's Times-Democrat that the Allen County Oil Co., had brought in a splendid well. When 16½ feet in the sand, the blow came, and the precious fluid mounted to the derrick, and started off with a natural flow. A hundred barrel tank was soon filled and it was impossible to do anything with the well until it calmed down. The pump will be started today, and the real worth of the well will soon be known.

CHANCE

For Teachers to Better Their
Condition.

Instructors Wanted in the Philip-
pines at Good Salaries—Ex-
aminations, Oct. 19.

The U. S. Civil Service Commission has issued the following which may be of interest to many Allen county teachers:

"The Civil Service Commission has just received a call from the Philippine government for 150 male teachers, with salaries as follows: 25 at \$1,200; 70 at \$1,000, and 55 at \$900 per annum. It is desired to secure these teachers without unnecessary delay, and an examination will be held on October 19-20 in various cities."

Peace has been established in the Philippines and the conditions of living are improving every month. This examination, therefore, affords an excellent opportunity for young men to enter an attractive service which offers excellent opportunities for promotion. Teachers appointed are eligible for promotion to the higher grades in the service, the salaries ranging from \$500 to \$3,000 for teachers and from \$1,500 to \$2,500 for division superintendents. The Commission suggests that those who apply for this examination should be devoted to their profession and conscientious, energetic, and successful workers.

For application blanks and further information concerning the scope of the examination, transportation, conditions of employment, etc., applicants should apply to the United States Civil Service Commission, Washington, D. C. or to the secretary of the civil service board at any postoffice where letter carrier service has been established.

Persons who are unable to file their formal applications in order to receive admission cards to the examination will be authorized to take the examination, if they will notify the Commission by letter or telegram in sufficient time to ship examination papers and arrange for their examination."

ALWAYS FIRST.

"HOBSON'S CHOICE" in oysters is now a thing of the past. Up until now there has been just one way of shipping bulk oysters, and that way was to dump

OLD WAY.

the oysters in an old wooden pail or keg, then dump ice and water in with the oysters, then add some "embalming" powder to keep them from souring. The oysters become thoroughly chopped and churned by the sharp ice; they become thoroughly impregnated with all the impurities and dirt contained in the water and ice; their quality is hopelessly impaired; they become soft and slimy, their original flavor is entirely sapped and drained, they are soggy, tasteless, "doped," UNFIT FOR THE STOMACH OF THE STRONGEST MAN. But up until this time there has been no better method of shipping, it was take the "doped" pail oyster or else take none. But "SEALSHIP" OYSTERS, in PATENT CARRIERS, are revolutionizing this old method. The PATENT CARRIER SYSTEM is a new and perfect method for handling bulk oysters. The Carrier consists of two parts, the Oysters being packed in an inner sealed, air tight receptacle; ice is kept constantly around this inner receptacle, while an outer case surrounds both the ice and inner receptacle. The ice is made to keep the oysters, not to destroy them. No chemical preservative is ever used, it is not necessary. The PATENT CARRIER insures the quality, purity, cleanliness and freshness of the oysters, because it is air tight, water proof, dirt proof and germ proof. Oysters shipped in PATENT CARRIERS are identified by the "Sealship" trade mark.

It's not Hobson's Choice when you buy from Ingledue; we use the new improved method, the Patent Carrier method. We receive "Sealship" Oysters fresh every morning direct from the best beds in this country.

We have exclusive right to the use of the "American Oyster Carrier Co.'s" carriers for this season and our customers can always count on having the very best of Oysters just as they have them in Baltimore. Try them and see the difference.
